

Savings for Schools and Universities

A Campus Full of Savings

It doesn't take a master's degree to know that reducing your school's energy use can help save money. Schools and university buildings are packed with opportunities to upgrade old, inefficient equipment and create a better environment for learning. From hallway and classroom lighting to chillers and cafeteria equipment, the Ameren Missouri BizSavers® Program has incentives available to help you reduce your maintenance costs, improve safety and get your school running more efficiently.
